

Tennessee Diploma Project

Focus Areas

Beginning with the Class of 2013, three credits for graduation must come from a **Focus** area. Core classes cannot be counted in the Focus area. Your choice of a Focus area will help you make decisions about which ELECTIVE courses you should take to satisfy Tennessee Diploma Project requirements for graduation. Additional information about graduation requirements can be found on page 3 of the Registration Guide.

Please choose one of the four Focus areas offered at Creek Wood:

- STEM -- Science, Technology, Engineering and Mathematics**
- Humanities – English, Social Studies, and Foreign Language**
- Fine Arts – Visual Art, Performing Arts, Instrumental and Choral Music**
- CTE – Career and Technical Education**

Students who choose the CTE Focus area have a choice of the following Programs of Study:
(Additional information about these Programs of Study can be found on pages 7- 9 of the Registration Guide.)

- Agriculture: Plant Systems – Turfgrass/Nursery Production
- Agriculture: Power Structures & Technical Systems
- Architecture and Construction: Construction Carpentry
- Business Technology: Business Management
- Business Technology: Interactive Multimedia
- Business Technology: Web Design
- Family and Consumer Sciences: Family and Community Services
- Family and Consumer Sciences: Fashion Design
- Family and Consumer Sciences: Teaching Training
- Health Science: Diagnostic Services
- Health Science: Therapeutic Emergency Services
- Transportation, Distribution, and Logistics: Automotive Technology
- Transportation, Distribution, and Logistics: Engineering and Technology
