

# Dickson County Schools

## Placement Override/Substitution Form

Date: \_\_\_\_\_

Dickson County Schools makes course placements for students based on their achievement scores, ACT Explore scores, and classroom grades. These decisions are made to assist parents as they guide their children through the academic choices that must be made throughout the high school years. We urge parents to follow these recommendations so your child may learn and grow as much as possible each year of high school. If however, you do not agree with the course placements listed on your child's registration form you may as the parent choose for your son or daughter to register for a different level course. Parents may move students from Honors to Regular by completing this form at the time of registration. That move will take effect immediately. Parents may request that a student move from Regular to Honors by completing this form at the time of registration. That move will take place after the student has completed the first 4 weeks of the Regular class with a grade of 93 or above. Again our placements are based on data and teacher input and we sincerely urge you to follow these recommendations. Questions and concerns regarding these placements should be made to your child's principal and/or counselor.
