

SSMS STAR STUDENT Functional Behavior Assessment

- To document a Functional Behavior Assessment, from the student record, create a new discipline event. Add the Infraction Code: FBA. Add the Disposition Code: FBA.

The screenshot shows the 'Discipline' form in the SSMS STAR Student system. The 'Incident Information' tab is active, displaying fields for Incident Number (21041), Disciplinarian ID, Weapon Type, Alcohol/Drug Type, and Responsible School (0023). The 'Infractions' section shows a single entry for 'FUNCTIONAL BEHAVIOR ASSESSMENT' with 0 points and a primary status. The 'Final Disposition' section shows 'FUNCTIONAL BEHAVIOR ASSESSMENT' with 0 points, a start date of 03/01/07, and 0 days for ISS, OSS, and Exp. The 'Education Provided' section includes checkboxes for Alternative Placement and Permanent Suspension. The 'Dispositions' section is currently empty.

- Discipline Detail Report can be run with either Infraction or Disposition code of FBA.

The screenshot shows the 'Discipline Detail' report form. It includes options to change the report sequence and break, and a section for selecting student(s) by Student ID, Last Name, First Name, and MI. The 'Compliance Option' is set to 'All Compliance'. There are checkboxes for printing incident and infraction/disposition notes. The 'Disposition(s)' section is set to 'ALL or FBA'. The 'Process Disposition Dates' are from 07/25/06 to 05/31/07. The 'Process Incident Dates' are also from 07/25/06 to 05/31/07. Buttons for 'Run...', 'Cancel', 'Save Params...', and 'Get Params...' are at the bottom.
